Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1.00 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how they use their wireless phone, especially for a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

I am a single mother of two that carries my phone for emergencies. Any increase in rates would mean that I would no longer be able to carry the phone. If you know someone that is a single mother and is on the road a lot then you know how important it is in this day and time to carry a wireless phone in the car.

Please DO NOT raise the current rates.

Thank you,
Lisa Hilburn

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,
